Sea of Cortez Diving Liveaboard

Select dates - July through October 2019 + 2020

In the warm, crystal-clear waters just minutes from La Paz lies one of the most intact ecosystems in the world. Between the splendor of the Espiritu Santo Archipelago and the pristine coves along the wild, otherworldly Baja coast to Agua Verde, your family or friends of up to eight passengers will embrace the spirit of slow travel and enjoy a personalized charter that offers a glimpse into the Sudcaliforniano lifestyle and an engaging mix of nature activities like seasonal world class scuba diving, whale watching, citizen marine science, dramatic hiking spots, bird watching, dolphin counting and recreational paddle boarding, exquisitely catered by our gourmet chef and crew including an enthusiastic naturalist guide and divemaster during this once in a lifetime conversation-starting expedition.

Declared a UNESCO World Heritage Site, the Sea of Cortez aka Gulf of California ranks as the second most diverse marine body in the world. One-third of all the world's whale and dolphin species either live or migrate here. When you dive into this giant aquarium as Jacques Cousteau called it, you'll be among hundreds of fascinating marine species, including scads, grunts, sergeant majors, machetes, and Mexican barracudas. During some seasons you may find pods of pilot whales and dolphins, jumping mobulas, and hammerhead sharks, orcas or sperm whales.

Enjoy visiting the best dive sites in the area on an exclusive, fully catered voyage aboard our award-winning 45-foot sailing Catamaran. The yacht offers three ensuite double cabins, each with a comfortable double bed. The two forward cabins also have an additional single bed in the pontoon, ideal for kids.

Expedition Day 1

La Paz, El Mechudo dockside

From the airport take a taxi to the marina, where you will be greeted by our divemaster. After a nice chat and cold cerveza or fresh hibiscus juice stroll down El Malecón, the charming waterfront promenade, to explore the historic center of La Paz, boasting many restaurants and shops. Dine at your leisure and return to the marina to spend the night dockside aboard El Mechudo..
